Vanity Faucets

Quality First

Quality products begin with quality raw materials. Cygnet Stainless products are created from the highest quality certified 304 18/10 stainless steel. Our sinks and faucets are manufactured in state of the art ISO 9001 and ISO 14001 certified facilities. Cygnet finished products are then certified by IAPMO R&T to comply with the Uniform Plumbing Code (UPC) and the National Plumbing Code of Canada.

The Best Sinks

Individually drawn bowls welded together produce a heavier and quieter sink with less stress, fewer stretch marks, and less chrome nickel loss than single piece annealed sinks. Machine finishing produces a lustrous and consistent brilliance that will last for years.

The Best Faucets

Cast from solid 304 18/10 stainless steel and certified to meet the NSF/ANSI 61 lead free standard, you can be assured that you are making the healthy choice with a Cygnet faucet.

THE VALUE OF QUALITY

Quality is often undervalued, especially when it comes to stainless steel sinks. The sink is the final custom finishing touch to your countertops. Make a choice that will last.

Infinity Series

The Infinity series is our finest sink. Each bowl is individually drawn from 16 gauge certified 304 18/10 stainless steel and then welded for superior quality. Machine finished for a consistent, lustrous, and lasting appearance. State of the art sound reduction and thermal padding is applied to the underside. Complete your kitchen with a faucet, soap dispenser, sink grates, and basket strainer in our Infinity Plus package.

BD822-16

Rio

- Large bowl:
17 3/4" x 18 1/2" x 9"

Kitchen Faucets

Cygnet kitchen faucets are cast from solid 304 stainless steel and certified to meet the NSF/ANSI 61 lead free standard. Our quality is apparent not only in the beautiful finish, but also the part you can't see – the lead free interior. No rough, corrosive materials such as copper or brass that collect impurities in your water and can cause lead emissions. You can be assured that you are making the healthy choice with a Cygnet faucet.

SB-6040 Lexington

- 16" High, 10" Reach
- Single lever water and temperature control
- Retractable pull out spray head
